Virginia School Entrance Health Form

Information Sheet — Official Commonwealth of Virginia Form

Virginia law (Code of Virginia § 22.1-270) requires a physical examination and completion of the official Commonwealth of Virginia School Entrance Health Form (Form MCH 213G) before a child's first entry into a Virginia public school. This is an official state form issued by the Virginia Department of Health and must be completed and certified by your child's physician — it is not something you fill out at home.

How to complete this with Grove Pediatrics

- Schedule a well-child / school-entry physical visit with Dr. Lee.
- Bring your child's immunization records to the appointment, if not already on file with us.
- Bring a blank copy of the form from your child's school, or download the official form from the Virginia Department of Health website (vdh.virginia.gov).
- We will complete, sign, and date the official state form for you during the visit.

Questions about school entrance requirements? Call our office at 703-246-0022 and we're happy to help.
